"Let reverence for laws be breathed by every American mother to the lisping babe that prattles on her lap; let it be taught in schools, in seminaries and colleges; let it be written in primers, spelling books and almanacs; let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice. And in short, let it become the political religion of the nation; and let the old and the young, the rich and the poor, the grave and the gay of all sexes and tongues and colors and conditions, sacrifice unceasingly upon its altars."

The merchant who advertises never counts the flies on the wall. "There's a reason."

Life is short at best and the one who fills it with scraps and grows has only a life to spend.

When it comes to paying taxes we just walk right up and fork over our two cents as cheerfully as our neighbors cough up their dollars.

Falling in his efforts to get rid of General Pershing, First Chief Caranza announces his determination to put an end to bull fighting in Mexico.

Young man, the time to save money is in the morning of life, therefore, don't put off until the afternoon what you should do in the morning.

Have you begun your arrangements to attend the third annual Lancaster county fair November 20-25, 1916? It will be the biggest and best yet.

Mr. Farmer, have you selected your seed corn for next year? If not, step right out and attend to this important feature of your farm work immediately.

The belligerent nations want us to feed them, and they all want to kick us, and that's about all we can expect from them and it's quite all we will get from them.

pect from them and it's quite all we will get from them.

Now is the time to turn your lands, sow your wheat, small grains and cover crops. Remember the boll weevil is SURELY coming and is no respecter of person.

Why should anyone kick at life in Lancaster? The town is full of good people—of wise people—of energetic people—of persistent people—of people who would be a credit to any town or city. When you kick Lancaster you kick yourself, for you are helping to make our little city just what it is.

The fame of the Lancaster cotton market seems to be spreading far and wide, so much that Chester county farmers are crossing the Catawba river in order to sell their cotton here. We have labored months for this condition to exist in Lancaster, and it certainly does us good to see our efforts materializing into an absolute certainty. Boys, bring your cotton to the "leading town," but call on all the buyers before selling. In this way you will get the top price of the market.

We take particular pleasure in calling the attention of our large number of readers to the many advertisements contained in this issue of The News. Especially do we invite your careful consideration to that of the large four-page ad of L. Hirsch & Sons.

This enterprising firm of progressive boys fully realize the value of judicious advertising as the proper medium through which to solicit and increase the volume of their already fast growing business, therefore, when the opportune time presented itself to advise the public at large of the many bargains to be found in purchasing from their large stock, they immediately sought the columns of The News as the suitable organ through which to disseminate their valuable information.

HIRSCH & SONS advertise so extensively because they KNOW it pays to tell the people what they have for sale. They select THE NEWS in which to do their advertising because they KNOW it goes into about 2,600 homes, and is read by eight to ten thousand people. They do not select THE NEWS from personal obligation or sentimental reasons, but on the other hand, because they fully realize THE NEWS as "a business getter."

The same reason prevails with our other regular advertisers. It might pay certain other merchants in Lancaster and Lancaster county to give the subject of advertising in THE NEWS a thorough study.

Mr. and Mrs. W. H. Terry and little daughter, Lena, left Sunday for Hamlet, N. C., to visit their parents, Mr. and Mrs. C. R. Terry. They made the trip in their car.

# QUESTIONS AND ANSWERS

- Question No. 1** Are you satisfied with what you are paying for your groceries?
- Question No. 2** Do you think that you are getting your money's worth?
- Question No. 3** If a firm or a person should tell you that they could save you money what would you think?
- Question No. 4** Why are you trading where you are now?
- Answer To No. 1** No! Nobody is because every thing is high---higher---highest.
- Answer To No. 2** You think so, but you are not quite sure. Visit our store and you will know what you think is true.
- Answer To No. 3** You would think that, as a matter of course, he would be obliged to say that.
- Answer To No. 4** Because, as a matter of fact, you don't hardly know ---you think of course that so and so is such a nice polite fellow and then too he always sells YOU just a little cheaper than any body else.

Four Reasons why we sell cheaper than any body. We don't have to pay a book keeper. We sell absolutely for cash. We don't lose any bad accounts. We sell more with the same amount of clerks now than if we were charging. Now think it over and see if you are not convinced that a firm who sell more goods with the same clerks and don't lose any bad accounts shouldn't sell cheaper than the firm who has the extra expense of a book-keeper, loses bad accounts and can't possibly sell as much. What do You Say?

"THE MIDWAY BOOSTERS" **YOURS FOR SERVICE** **W. B. PLYLER & CO.** "WE DIVIDE PROFITS"  
"MIDWAY HEADQUARTERS."

Chesapeake Steamship Company, owners of the Bay liner City of Norfolk, filed a libel suit against the British Steamship Hawkhead for alleged damages to the Norfolk.

The company alleges that the Hawkhead illegally blocked the harbor, had no lookout, or lights displayed and gave no warning of her presence to the Norfolk. Damages of \$25,000 is claimed.

## "Vaporize" Croup or Cold Troubles

Vapor treatments for cold troubles are better than internal medicines, as the vapors carry the medication direct to the lungs and air passages without disturbing the stomach.

When Vick's "Vap-O-Rub" Salve is applied over the throat and chest, these vapors, released by the heat of the body, are inhaled with each breath. 25c. to \$1.00.

## POLICE MAINTAIN THEIR DEAD LINE AT BAYONNE

Bayonne, N. J., Oct. 15.—The strike situation here affecting 12,000 employees of the Standard Oil and other companies, was quiet today. The police maintained their "dead line" about the industrial section. Published reports that machine guns were concealed at one of the plants were denied by company officials.
